Career Objective

Electronics and Communication Engineering graduate with strong proficiency in python programming and analytical problem-solving. Seeking a challenging role in a technology-driven organization to apply my programming skills, logical thinking, and engineering knowledge in real-world applications.

Education

Mailam Engineering College, Mailam <i>B.E (ECE) CGPA: 8.36 (Upto 6th Semester)</i>	2022 – 2026
Aditya Vidhyasharam, Puducherry <i>HSC State Board Percentage: 82.67%</i>	2021 – 2022
Aditya Vidhyasharam, Puducherry <i>SSLC State Board Percentage: 90.40%</i>	2019 – 2020

Projects

Title: *Sepsis and Preeclampsia prediction system using multisensor monitoring for early detection.*

Tools:

- Backend: Python
- Frontend: HTML, CSS, JavaScript

Description:

Built a real-time health monitoring system using sensors to detect sepsis and preeclampsia early. Integrated a chatbot for medical support, enabling timely intervention and improved outcomes.

Technical and Soft Skill

Technical Skills

- Language: Python and C
- IoT Design

Soft Skills

Problem solving and Team Player | Time management | Self – Motivated.

Languages Known: English and Tamil.

Area of Interest

- Networks and security.

Internship

- Embedded IoT and Design | VI Microsystems Pvt. Ltd., Chennai | 2025.

Certificates

- Participation | Industrial IoT & Industry 4.0 Hackathon | InGage Technologies Pvt. Ltd., Chennai.
- Certification | Diploma in C Programming | Bright Tech Institute, Puducherry | 2025.
- Event Coordinator | NISCOM | Mailam Engineering College | 2025.

Co-Curricular Participations

- Participation | Paper Presentation | Load Cell based Freight products safety system using Wireless Sensor Networks | Karpaga Vinayaga College of Engineering and Technology, Mathuranthagam | 2025.
- Participation | Technical Quiz | NISCOM | Mailam Engineering College, Mailam | 2025.
- Participation | Code Debugging | NISCOM | Mailam Engineering College, Mailam | 2025.
